# Bring Us Your Expectations...

CHC Catering is an accomplished and well respected caterer in the KZN Midlands. We offer a superior dining experience at the venue of your choice. We have an absolute passion for everything we do and have built a reputation based on our ability to produce a quality product, with service supported by senior supervision at all functions. As we coordinate all aspects of the function, you are able to relax, participate and enjoy your special event. We have a philosophy of commitment and a willingness to go the extra mile to get the job done.

Our range of services is extensive, ranging from the delivery of snacks to the coordination and implementation of all the elements of large events. We understand that it is important for us to stay in touch with changing trends and to continue to provide the quality of food and service excellence upon which we have built our reputation.

## The Way We Do Things

This portfolio of popular menus and platters has been compiled to help make your catering decisions easier and inspire you, so that you have a convenient reference that outlines a range of options with prices at your fingertips.

**These menus have been designed specifically for business and personal occasions** and are not a suitable reference for weddings, where so many other factors need to be taken into account.

There are times when you may want to create your own menu to suit a particular occasion. Should you prefer to compile your own menu, please contact us and we will present you with a quote based on your personal preference.

## Looking For Something Different

Perhaps you are planning a themed function, a year-end get together, or anniversary celebratory event. Whatever the occasion, we will design a menu based on your requirements and budget. We have been coordinating top quality functions for more than forty years and are only too happy to share our expertise and insights with you. We'd like to be the professional team that you rely on to quietly make you a better host.

## Minimum Order Value
